GI KALEIDOSCOPE 2011

Presented by

October 7, 8 & 9, 2011

Northland Inn
Conference Center
7025 Northland Drive N.
Brooklyn Park, MN
55428

www.northlandinn.com
(763) 536-8300

Our conference is designed
for Gastroenterology Nurses,
Associates and other health care
professionals who provide care for
patients with GI disorders.
www.mnsgna.com

Purpose/Goals

Disease of the GI tract affects millions of Americans annually. The expertise of Gastroenterology Nurses and Associates is valued by patients. Patients requiring endoscopy and non-endoscopy encounters for diagnostic and therapeutic interventions rely on the expertise and knowledge for information, care and support.

The purpose/goals of this conference are to increase the participant's knowledge of GI topic related to GI disorders, diseases, therapeutic interventions, infection control and surgical interventions that save and/or improve patient's lives. In addition the course is designed to assist the participant in the development of strategies to improve the delivery of care to GI patients and to increase their understanding of the diverse work force and patient population they encounter.

Target Audience

MNSGNA's annual educational course is sponsored by and intended for Gastroenterology Nurses and Associates and will provide clinically relevant information to all health care professionals about various disorders of the GI tract.

Credits

This seminar has been designed to meet the specifications of the Minnesota Nurse Practice Act of Continuing Education requirements for 11.5 contact hours with 2 optional CEU's (11.5 GI specific with 2 optional CEU's). This educational activity has been submitted to the Society of Gastroenterology Nurses and Associates, Inc. for approval. The Society of Gastroenterology Nurses and Associates, Inc. is accredited as an approver of continuing education in nursing by the American Nurses Credentialing Centers Commission of Accreditation. Participation and successful completion will be verified by self-reported attendance and return evaluation tool.

Course Objectives

Conference participants will be able to:

- Discuss and review recent technology developed and determine it's application for clinical practice in our patients
- Identify factors that increase a patient's risk for the development of colorectal cancer
- Review polyposis syndrome in pediatric patients
- Discuss the physiology of the Hepatitis C virus
- Discussion of Inflammatory Bowel Disease
- Identify various techniques of polyp removal
- Review outcomes of Post-ERCP Pancreatitis
- Review pancreatic cancer treatment options and outcomes
- Discuss the future of Colon/Rectal Surgery
- State the diagnostic benefits of Endoscopic Ultrasound
- Summarizes treatment and diagnosis of microscopic colitis
- Define the role of EUS in diagnosis of benign and malignant diseases
- Identify which ingested foreign bodies are dangerous

MNSGNA Members

An open Board meeting will be held on Friday, October 7th at 8:30 p.m. at the Northland Inn. All members are welcome.

Registration

Registration includes: tuition and syllabus in CD format (*you are welcome to bring your own laptop though no power source will be available*). Saturday registrations: continental breakfast and lunch, AM and PM breaks and two-day registrants also include: Sunday breakfast.
